WORK EXPERIENCE

MR ADVANCED PLUMBING

Plumber Apprentice

Chicago, IL

Jul 2019 - Present

- Ability to install and calibrate plumbing appliances such as sump pumps, sewage pumps, and tank and tankless water heaters
- Experienced in soldering with a gas torch, threading with RIGID machinery, and gluing PVC
- Verified, purchased, transported, and stored job site materials and equipment from retailers with extremely tight deadlines
- Performed heavy labor like jackhammering, digging, and moving appliances and materials in circumstances with live gas and water requiring no errors

PROJECTS

Personal Portfolio Website | *HTML, CSS, JavaScript, Vercel*

Nov 2022 - Present

- Constantly updating a responsive and adaptive website utilizing styling languages and JavaScript
- Used Vercel to handle website deployment

Candy Exchange | *HTML, CSS, JavaScript, Google Sheets, Domain.com*

Nov 2022

- In under 24 hours following Halloween themed guidelines and prompts, developed a Halloween themed candy exchange that displays the live price of candies pegged by cryptocurrencies prices and hosted by Domain.com
- A responsive and adaptive front-end was assembled using HTML, CSS, and JavaScript
- Implemented jQuery to fetch live prices from CoinGecko's API
- Integrated a contact section with input text boxes that are directly submitted into a specified google spreadsheet

EXTRACURRICULARS

Oct 2021 - Present

DePaul Computer Science Society

- Attended weekly meetings that involved analyzing solutions to LeetCode problems
- Listened to various guest speakers from companies such as Discover, Northern Trust, and CNA Insurance
- Participated in a 24-hour DemonHacks Hackathon and developed a candy exchange

DePaul Cryptocurrency Club

- Attending monthly meetings with DePaul Solidity developers and cryptocurrency hedge fund researchers to discuss the latest news and developments in cryptocurrency markets
